Commodore's Report

We are rolling towards the start of another season and coming to the end of my 3 years service as Commodore. I am grateful to everyone who has supported me, committee members, and all our stewards who between them help us produce a successful meet programme, magazine and website for you the members.

However it needs more members to come forward to help make it happen. There are meets on the program that need stewards if they are not to be cancelled. If you are already a Steward or interested in becoming one please talk to Maggie Poulson or come to our Stewards update at Blackmore at 10am on the morning of AGM where the revised handbook will be available.

There will be several vacancies on the committee this year which need filling. We try not to overload our committee members but fewer people will either lead to less things happening or in the case of a treasurer or lack of committee, no Boating Group.

There are a number of smaller jobs we need help with and some more obvious ones including:

P.R.O. –there are a number of initiatives that have been embarked on to encourage members to join the section that need following up on and the good work continuing.

Treasurer -Someone who is willing to learn the Treasurer's job to enable them to take over for the 2015 Financial year. There will be a seminar at HQ in November which will include a section for Treasurers which should be attended by anyone appointed for the following year. The section has a history of supporting new treasurers well and this will still be the case, you won't be abandoned once you agree to the post.

We also need people to start thinking about whether they could be editor.

For anyone who has an interest in learning more about what is involved in joining the committee please contact myself or any other committee member. We welcome new committee members at any time.

Happy Boating

Tracy McLaughlin

Commodore

Thank you

Many thanks to all who have sent in articles for this edition of *Buccaneer* –please keep them coming. Photographs are most welcome too.

The email edition of *Buccaneer* has many more photos than the printed edition—and they are in colour!!! Why not contact the webmaster & ask for your *Buccaneer* by email?— Ed.

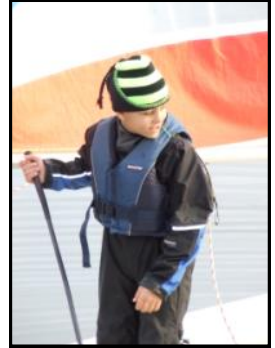

My sailing club at Dorchester.by David Wooldridge

I can't wait until I get to show my friends in the boating group my Sailing club this summer. I have had a lot of fun there over the years doing my training and I am hoping that I will be able to have my start racing signed off completely after Easter when the training starts again.

We are very lucky to have had the lake dredged so that we can sail round the islands to see all the amazing wildlife. Because the lake has been dredged we can now follow the two herons that nest in the beautiful willow trees that are scattered around the edge of the lake.

We have also been lucky enough to get funding for a brand new modern style club house which has under floor heating which is heated by the lake. In the spacious changing rooms there are lovely showers that are also heated by the lake.

The thing that I can't wait for all week is going to the sailing club because I have so many friends that I see when I arrive every Sunday. I find that everyone is friendly even when we are racing. I never have to worry when I need help with something, I know there will be someone there to help me.

Calling all stewards

As I mentioned in my last article in the Buccaneer I have been working with Phil (our Treasurer) on producing a new computer spread sheet which will help to make the paperwork side of stewarding nice and easy. All the difficult calculations and some of the easy ones like how many unit nights all total up. All you have to do is enter the members names, their details and amounts they have paid and it works everything out for you, yes, even that dreaded word VAT. [This will all be finalised and ready to send out to you prior to Easter ready for the start of the camping season.] Remember there is a Steward's Forum meeting on the morning of the AGM at Blackmoor Club Site. I will be there and will have my laptop and can demonstrate how this works and answer any questions you may have about it and its use. So if you are interested we would all love to see you at the meeting and discuss this and any other aspect of stewarding about which you would like to know more. If you want to ask me anything about this before the meeting, please drop me an e-mail.

HELP

We are still desperate for a number of stewards for Meets. Some have had to pull out due to family illness. Will you help us out???

At the time of printing we need stewards for Bewl Water, Blackwater, Weymouth & Rutland Water in September.

WEBSITE - MEMBERS AREA

Following a number of requests we have created a 'member's area' on the website that is only available by entering a password. The area is under the 'more' section drop down menu on the right hand side.

The password can be obtained from the webmaster by completing a 'contact us' form also under the 'more' section. Please do not forget to quote your membership number. In this section we have been adding forms & information that you will find useful when camping with the Boating Group. It's 'work-in -progress'.

A copy of the Boating Group magazine can be downloaded from here along with a list of sites where boating is available. Any suggestions for further information are welcome.

John G. Bolton, Webmaster

Barton has become a regular holiday for us, every year we talk about going somewhere else but can't resist returning.

Last year was no different & we are booked again this year, with fabulous sailing on Barton Broad, guided walks around the marsh, with Otters to find & the big starry skies we just don't see at home, how could we not?

Last year we discovered the local community had taken over the little store, making it much improved, selling fresh home made cake & speciality coffee's. During the week our steward Di & her partner Andy organised the best bring & share we have had the pleasure of being a part of, Turns out Andy is an excellent Chinese food chef! The evening was enjoyed by all.

The Barton bonfire brings out the marshmallows for the kids, a little tipple for the adults as they swap stories around the embers & the Owl's can be heard hooting in the back ground. It's nice to see the different boats our campers bring with them, from Drascombe's to Tideway's, canoes & motorboats all out exploring far & wide. Its great for the walker too, with off road tracks in both directions from the site, quiet secluded beaches can be found within half an hours drive, along with pretty villages. Our favourite is to do the Tesco shop by boat, with about three quarters of an hours slow motor up river with lots of wildlife to spot. Leaving the boat on the public staithe and a short walk through the boat yard in to the town of Stalham, there is a good chippy here so no need to pack lunch.

So if you are at a loose end this summer or just can't make your mind up, why not join us and the friendly regulars at Barton Turf? Our very friendly stewards are sure to make you welcome.

The Wooldridge's.

There is NOTHING... Absolute nothing... half so much
worth doing as simply messing about in boats,
simply messing.....

Saundersfoot by Ashley (age 11)

This is me on the day I went to the Scarborough Lifeboat station to hand over the money that was raised at last summer's Saundersfoot Meet from the raffle that I organised with the help of Derek and Edith, the stewards. It was very kind of them to help me and allow me to organise this. I raised nearly £60. The Lifeboat men were very pleased with the money and invited me to go along on their open day, but we were on holiday then so could not go.

QUARTERMASTER'S STORES

The Quartermaster has a small supply of **Boating Group Pennons** £2.00 each.
Special Birthday Stickers £2.00 each (every member should have one to commemorate our 40th year),

General **Boating Group Stickers** @ £1.50 each.

There is also a **Boating Group Flag** £10.00 if you would like to fly it while enjoying one of our meets.

Postage is extra, but most single items will go for a fairly minimal postal cost.

They can be obtained from Colin Knight, Home Farm, Kenwick, Louth, Lincs, LN11 8NP

National Feast of the Lanterns 2014

Thursday 28th August 2014 – Monday 1st September 2014

This year the NFOL will be held on the Agricultural Showground on the Isle of Anglesey, it's a flat area with concrete roads and offering some electric hook ups

There will be a jam-packed programme of entertainment to suit everyone, (previous years in the evenings we have watched 'The Barron Knights', an Abba tribute band, 'The Ivy League' and many others) or you can just relax with friends. Plus there will be a large trade area for the shoppers –where you can buy anything from a tent peg to a motor caravan!

There will be plenty on site to keep you entertained for the duration of the meet –there will be an arena with events on during the day – in previous years these have included jousting, motorbikes, dogs etc... I have also shot clay pigeons with a laser and played bingo. The children have lots of suitable activities organised for them –from craft to discos. Usually there is a small 'car boot sale', tombola, raffle, a food shop, a bar (or two!) a Mardi Gras procession and 'lighting up' of units on the Saturday evening. Please look at the NFOL website for photographs of previous years on our website www.boatinggroup.weebly.com .

If you wish to camp with the Boating Group (& we hope you will) you will need to complete a booking form (The NFOL booking form was in the 2014 January & March's magazines– alternatively after that date you can download it from the website or from me, please send sae) & return it together with a cheque made payable to CCC Boating Group to

**Margaret Thompson,
26, Hallam Grange Crescent,
Fulwood, Sheffield, S10 4BA.
before May 20th**

NB. If you send it direct to the CCC you will not be sited anywhere near to the Boating Group.

A long standing tradition of the NFOL is to light up & or decorate units, whether it's just to take part in the fun of the light spectacle or to enter for the chance of winning a fabulous prize. Generations of members have been enthralled and amazed over the years at the event that truly gives the meet its name. This year the theme is 'ANNUAL EVENTS'. Whenever we can, the group collects money for the RNLi so we are planning a display—any ideas welcome.... We are thinking of displays related to 'Easter'.

In 2013 we WON the “Small Street Scene Trophy” and need to defend our honour. However there is no compulsion to join in the street scene if you camp with us, over the weekend we will be holding coffee mornings, a bring and share meal and generally enjoying the fellowship of others in the Boating Group. I have made many friends in the Boating Group through the NFOL and certainly enjoyed it much more than I did the 2 years when we camped separately. I have also found it an excellent place to update my equipment on the trade stalls – I have been able to compare awnings easily for instance –one year I even got my awning repaired on site!

For those who want to stay longer there will be Temporary Holiday Sites set up before and after the event in the local area, so there are lots of places to stay and things to do both before and after the NFOL. For details of what is around to help you make the most of your stay visit the [NFOL 2014 website](#)

I hope that you will be able to attend –the more the merrier- I am sure that you will find plenty to do & lots of friendly people to meet.

Margaret Thompson & John Bolton
(Stewards)

How do they do that? Phil Barber

Having recently watched the America's cup boats going a bit fast I began to wonder...

I mean 7 tonnes of boat, larger than a tennis court, balancing on one leg and going more than 40 knots in 20 knots of the wind sounds a bit far-fetched.

Yachts and ships have a fundamental barrier (a bit like the sound barrier) which they cannot breakthrough. As they move through the water they create a bow wave. To go faster they have to climb this wave but going faster makes this wave bigger. It's a catch 22 situation, adding more power does not result in going much faster. Stretching the boat increases the wavelength of the bow wave thereby reducing its gradient so you can go a bit faster but sooner than you'd like you hit that wall of water again. Many dinghies solve this problem by having a flat section of the hull at the back. This allows them to surf on that pesky lump of water at front. The boat does have to be light enough to haul its self out of the water so no nice heavy keels to keep you upright! Multihulls have another option. Slim pointy javelin shaped hulls that spear through the waves. Another option is don't let your boat near the water at all. You "fly" it on a hydroplane.

Now that you have removed the speed limits how fast can you actually go? The America's cup boats were typically going downwind at more than twice the speed of the wind that drove them. Even upwind they could match the wind-speed. With a square rigged ship this is unheard of. The sails are mounted at right angles, or "square", to the keel and act as baffles to the wind. The air flow is turbulent and energy transfer is inefficient. In fore & aft rigs Mr Bernoulli's principle applies. The wing shaped sail is sucked along by the reduced pressure of smoothly flowing accelerated air.

As the boat moves forward it creates its own head wind, this shifts the direction the wind appears to be coming from to the front. An efficient fore & aft rigged boat can sail at perhaps 30° off the wind direction. A more rigid wing can do better than this with useful forward thrust at angles as little as 10°.

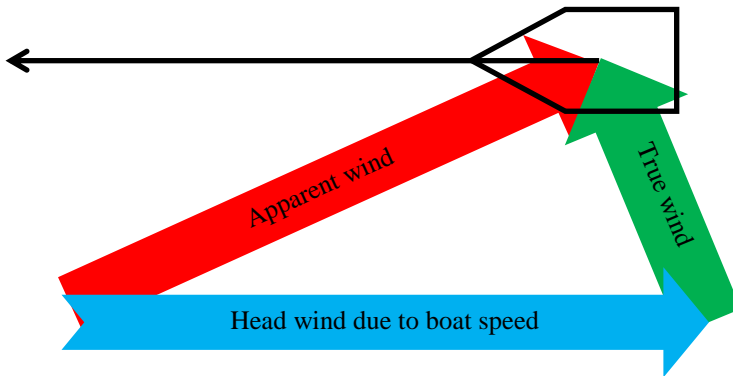

If the limiting factor for the speed of the boat is the angle of this apparent wind rather than the friction of water on the hull or the size of the bow wave then we could send for Mr Pythagoras to do some sums for us. Unfortunately I believe he died a while back so we could instead model the situation with bits of coloured string. If you start on a beam reach with the true wind at 90° (at right angles) to the boat and accelerate until the wind appears 30° off the bow you will be going at 1.7 times the speed of the wind. With the true wind at 120° you can achieve double the wind speed. The America's cup boats with their high tech wing sails could sail with better efficiency and higher speeds than these figures indicate.

Errr ... String Theory?
See wind vector diagram below

Quiz question What is the speed record for a sail driven vehicle?

On March 26, 2009, the Ecotricity Greenbird set a new world land speed record for wind powered vehicles of 126.2 mph. It has a tall wing like sail able to deliver forward thrust at very low angles to the wind achieving speeds 3 to 5 times greater than the wind driving it.

Synopsis of January's Committee Meeting

- The treasurer reported a small overall surplus after tax for the year 2013.
- There is an ongoing need to continue to control costs.
- Need to increase membership of the section & committee is working with the Club to increase membership at industry events.
- Need to encourage members to take up the electronic (and larger) version of the Buccaneer.
- A revised version of the Safety code will be issued shortly.

Carbon Monoxide can kill.

Never use a fuel– burning appliance inside your tent or awning.

Even a warm barbeque can be lethal.

Don't forget your fire bucket!

It may save a life

How to keep your Steward Happy — by Maggie Poulson

- Firstly , please remember that all stewards are volunteers and have a life other than the Boating Group.
- Please phone or email the steward if you are interested in attending a meet. Listen to any restrictions or special circumstances to do with the site, don't assume that they don't apply to you. Then, as soon as possible, send to them what they request to confirm your booking. This may include a booking form, fee and a stamped addressed envelope.
- Stewards claim all out of pocket expenses, so if they have to provide photocopies, envelopes & postage this is paid for from the Boating Group finances.
- Do complete all parts of the Booking Form, including your estimated time of arrival.
- Do let the steward know a.s.a.p. if your circumstances or unit change.
- Don't arrive before the site opening time or plan to leave late on the last day.
- Do listen carefully to where you may pitch, sometimes space is limited.
- Do return empty cups if you accept a drink.
- Do let the steward know if you have an accident, however minor.
- Do let the steward know if you have to leave early.
- Do mention if you have a problem, there is usually someone in the group who can help.
- Do volunteer to help with any social events—even better, organise one.
- Do read P. 526-7 of 'Your Big Sites Book and follow all Club regulations stated.
- Do check your pitch for rubbish before leaving the site.
- Do thank the steward for all they do to make your stay enjoyable.

Calling all younger members of the Boating Group

The Mel Shore Trophy is an award for the best contribution to the Buccaneer. It has been set up in honour of one of our much loved former editors of the magazine. In addition to the award the committee have added a **£75 bursary** to be spent on a water sports course or qualification. The award is open to any young person (under the age of 18) who is a child or grandchild of a Boating Group member. Please send all entries by e-mail or in writing to Colin Knight.

Your entry could be a picture, a story, an article, a poem or anything else linked to water, boats or the Boating Group. So come on kids get writing or drawing and you could be the winner.

The Alf Gardner Trophy has been awarded to Boating Group youngsters for many years. It will be awarded to a child or grandchild of a Boating Group member (under 18 years) who achieves something special, no matter how big or small, on the water or linked to their water sport. Achievements will be considered on merit.

Again the committee have added a **£75 bursary** to be spent on a water sports course or qualification. Nominations can be made by stewards, parents or relatives. Again send all nominations to Colin Knight, in writing or by email.

Each Trophy can only be won once by any individual.

Remember 'You have to be in it to win it'

**The closing date for entries will be 1st April 2014, but don't wait till then,

BOATING GROUP EVENTS PROGRAMME

General Information.

The meets programme for 2014 is printed for your reference. Please contact the steward for the latest situation regarding fees, availability, directions etc., before booking. If you haven't been to a BG meet before the procedure is simple.

For **Temporary Holiday Meets (THS)** send your booking form (see P.39) with a cheque made payable to the CCC Boating Group to the meets steward (unless specified otherwise) ASAP (and an SAE (if you are not on email) for their reply). If all the places have gone the steward will contact you. You can then either have your cheque back & book another meet or be kept on the waiting list. You can avoid this inconvenience by telephoning –or emailing – the steward first (**recommended**) to confirm a place is available & book it-but you must then send in the cheque & form straight away otherwise you will lose your place (in fairness to other members). **If paying by BACS please include the App Code in the reference-it is included in the meet info –it ends ‘/ 2014’.**

For **weekend & 5 day meets** you are advised to email or phone the steward first to register your interest and make sure a place is put aside for you (if booking is necessary), then send in a booking form (they can be emailed). **Do not send in any money** (unless specified) with your booking form as fees are usually collected in cash on site.

Remember!! If you have booked a meet and you have to cancel for whatever reason **please, please** tell the steward at once. Whether you have paid any money or not is irrelevant. It is polite to email or phone and cancel, since many sites have limited spaces the stewards will almost certainly be able to fill your vacancy from their waiting list if given fair warning. Remember, play fair, one day it could be you on the waiting list!

To contact a steward see P.28. Also look at the committee and contacts pages near the back of the Buccaneer and contact Bob Yates, the Chairman of the Meets Management Committee if you would consider stewarding one of these – or any meets in the future. We are always pleased to receive offers of help with stewarding and there is a 'Meet Pack' for each site which makes the whole job a lot easier. Without stewards there would be no meets and it really isn't that difficult to do. The work of our existing stewards is highly valued and appreciated.

Please note that the fees in the meet details are for a 'unit' of two adults and two children, extra persons *may* have to be paid for.

We seek them here, we seek them there –DO YOU know anyone who could volunteer to — join our committee???? —or —steward a meet?????

Postcode:KT16 8JX

Latitude: 51.3896 Longitude: -0.4894

BOOKING ESSENTIAL

For those hardened (or mad!) caravanners, we have moved the first Boating Group Meet in 2014 to March. (If you wish to stay longer it is possible to book direct with the site for extra nights.)

Chertsey is on the banks of the Thames, just a 30-minute train ride from London.

There are plenty of leisure activities for children in Chertsey & the surrounding area.

It's also perfectly placed for visiting some of the country's best-loved theme parks (Lego Land, Thorpe Park and Chessington), as well as the world-famous Kew, Wisely and Savill Gardens.

Hampton Court

On Saturday we hope to hold a boules competition . We will have use of the hall from 6 to 10 on Saturday evening for our usual American Supper & Quiz.

On Sunday we will 'blow the cob webs off' with a short walk along the river bank.

Hope you all have a good Christmas & New Year & we look forward to seeing as many of you as possible in March.

All units are welcome to join us at Blackmore.

This is an ideal campsite for exploring local market towns or walks on the Malvern Hills. The site enjoys a peaceful setting in the Worcestershire countryside with stunning views across to the Malvern hills.

The site has clean, modern toilet blocks as well as a recreation room with pool table, dog walk and children's play area.

If you wish to extend your stay please book with the site itself well in advance and tell them you belong to the CCC Boating Group.

Anyone who wants to know more about running meets, experienced, new or just want to listen please join us on Saturday morning where we will start with coffee at 10.00am.

The AGM will start at 2.30pm followed by the members meeting. A bring and share supper will start at 7pm.

We are happy for members to join us for the day.

Cobnor is a minimum facility site for all units and your own sanitation is essential. To find the site, turn off the A27 on to the A259, turn left into Chidham Lane, almost opposite the Bosham (Beefeater) just *before* Nutbourne, if travelling west. If travelling East, it's just after ,at the end of Chidham Lane (1.2M) turn left into a private road marked **Cobnor Farm and House**. The site is through the farmyard past Gerald Daniel and Cobnor Activity Centre, then 50 yards on the right.

The Boating Group are holding two meets at Paxton for 2014. Both meets are for full 5 days, opening at 1:00PM and closing at 1:00PM on the last day. You are welcome to attend for all or any of these days. Sailing is on a small lake with two islands to add interest. No motors allowed, or catamarans. The site is set in attractive countryside suitable for dog walking and cycling. In April, the nightingales singing are a special treat. There are toilets and showers available but own sanitation is recommended (green chemicals) .

Site is set in a nature reserve and this is a reasonable cycling area. Dogs are allowed but please keep on leads on site.

Sorry there is no postcode and site is off a private road which may not appear on satnavs.

Training can be arranged with the Sailing Club for sail or power boating. The club has won the Honda RYA Youth Rib Challenge four times in recent years.

There is first class tidal sailing in the River Black-

water estuary. The Blackwater is the home of a great many Thames sailing barges. Its a brilliant place to go sailing. There are any number of sheltered tidal creeks to go and explore but you do have to be aware of the tides.

All types of boats can be launch including catamarans, wind surfer, canoes & inflatables. The only exception is motor boats/ribs. We have the use of their toilets/showers in the club house & an outdoor covered area with barbeques for social functions.

All types of units are welcome. A pleasant 15 minute walk along the river bank takes you to Heybridge Basin where there are two very nice pubs that serve a good variety of food & a café situated on the jetty that I am told serves delicious breakfasts.

The Boating Group have arranged a THS at this very popular Club site during the school Summer Holiday. The site has excellent facilities, but you are advised to take your own as they are some distance from some of the pitches. There is a limited number of pitches available, all hardstanding with electric hook up. Launching of canoes and small car-toppable dinghies is possible direct from the site into Derwentwater (a daily launching fee is charged). It is possible to launch larger boats from nearby marinas and it may be possible to hire a mooring. The site is a short walk to a large supermarket and the centre of Keswick for Banks, specialist outdoor shops, outdoor Market, many eateries and other shops. Keswick is at the centre of the Northern Lake District fells for those who wish to indulge in energetic walks. There are frequent bus services to many other areas of the lakes. See YBS Book for further attractions. There are several rules and restrictions which apply to those attending this site. Only one car per pitch, pitch sizes are strictly enforced and due to the possibility of flooding, all caravans must have a towing vehicle on site overnight. See YBS Book for details.
